Subject: Oil spill R&D question

Hi Pamitha,

Sure thing. I'm actually pretty open this a.m. if you want to give me a call when you're free to discuss.

If the hold music were good, it wouldn't be as bad!

I know you are pretty well swamped with this issue, but I was hoping I could ping you on something else when you have a spare moment. I am in the very, very, early stages of exploring legislation to address oil spill r&d (read: nothing written, just gathering info). Do you think I could chat with you about who the right people at EPA are to talk to about this issue at some point late August or early September? I don't really have a timeframe, so I'm happy to be as flexible as necessary.

Best,

Pamitha

Mr. Pamitha D. Weerasinghe, J.D.

I KNOW!

And some pretty loud hold music.

Hopefully the operator-assist calls from now on will avoid this.

AND FOR ANY OTHER INFORMATION, PLEASE CONTACT THE OFFICE OF CONGRESSIONAL AND INTERGOVERNMENTAL RELATIONS

I have to chuckle at some people's inability to use the mute function...or to properly use the hold function...

Subject: Tuesday, August 18, 2015 Conference Call Update for Elected Officials and Other State and Local Representatives, and Congressional staff

Hello,

EPA will be holding a conference call update for Congressional staff, elected officials and other state and local representatives regarding the Gold King Mine release.

Committee staff are welcome to listen in on the call. Please note this is a new conference number that will be operator-assisted to ensure that lines remain muted.

Tuesday, August 18, 2015, 4:00 PM ET
